ABOUT AOGRAND

30+ Years **9 Subsidiaries** **70000+ m²**
1000+ Employees **150+ Countries and regions**

AoGrand INTL Group, located in Nanjing—the central city of China's developed Yangtze River Delta, has a history of nearly 30 years. AoGrand has deeply cultivated in the fields of epidemic prevention and disinfection, household products, clothing cleaning, personal care, maternal and child care, etc., which is a comprehensive, digital and intelligent daily chemical group enterprise integrating "production, learning, and research".

NATIONAL & INTERNATIONAL

Since its establishment, AoGrand Group has owned CLEACE, JOBY, ARROW, SUNING, MYSTIC, BUBU BEAR, UNICO and other international brands. Its products cover daily chemicals, household hygiene, household paper, maternal and child products, pet products and so on.

At present, the domestic sales area of products has covered the whole country, while the international market has been exported to many international markets such as Africa, the Middle East, Central Asia, Europe and the United States, covering and setting up offices or branch in nearly 150 countries and regions all over the world. The annual export volume increases by 30%-40% every year, and the proportion of private brands reaches more than 80%.

CLEACE

The Ace of International Disinfection

For tens of thousands of years, deadly germs have brought countless disasters and panics to human society. People urgently need a safe, convenient and efficient daily disinfection product.

In an experiment, Dr. CLEACE, an internationally famous scientist, accidentally discovered a disinfection weapon that is highly effective, safe and gentle to the human body -- a 75% instant hand sanitizer. It is known that 75% is the most effective alcohol bactericidal concentration. Thus, according to the results of this study, Dr. CLEACE successfully applied 75% alcohol to daily disinfection products and pioneered the development of a 75% instant hand sanitizer, and named it "CLEACE".

CLEACE = CLEAN + ACE, "ACE" means the outstanding trump card.

CLEACE 75% instant hand sanitizer is green and safe, whose sterilization rate is as high as 99.99%.

After becoming the hot water-free hand sanitizer brand in the world, CLEACE entered the domestic market and successively launched a series of daily chemical products such as hand sanitizer, washing powder, soap, detergent, etc., focusing on scientific research, and deeply improving product quality. Recognized and trusted by thousands of consumers, CLEACE will continue to work hard to create a cleaner and safer living environment for global consumers in the future!
