ABOUT US

AOGRAND.
INTERNATIONAL

AOGRAND GROUP INC. is one of China's leading manufacturers of cleaning and hygiene products, with more than 30 years of professional experience. The group specializes in daily chemicals, commercial cleaning solutions, disinfectants, and hygiene systems. **AOGRAND** operates modern industrial parks with automated production lines, large-scale warehousing, global logistics, and a distribution network covering 120+ countries and regions.

Core Business Segments

- Commercial Cleaning Chemicals
- Household Cleaning Products
- Personal Hygiene Solutions
- Sanitization & Disinfection Systems
- OEM & ODM Services for International Brands

Global Presence

Manufacturing Base: Gaochun Industrial Park, Nanjing, China

Export Coverage: Asia, Middle East, Africa, Europe, Latin America

Industries Served:

Hotels, restaurants, catering, wholesalers, importers, supermarkets, facility management companies

Our Mission

To provide safe, efficient, and sustainable cleaning solutions for global partners across multiple industries.

R&D CAPABILITIES

Innovation Focus

- Food-Contact Safe Chemistry
- Ultra-Concentrated Cleaning Technologies
- Enzymatic Cleaning Systems
- Odor Neutralization
- Eco-Friendly Biodegradable Formulas
- Hard Water Performance Enhancement

AOGRAND maintains a comprehensive and advanced R&D system, ensuring high-performing, safe, and globally compliant cleaning chemistry.

Microbiology Laboratory

Testing antimicrobial efficiency, sanitization performance, and preservation stability.

Formulation Laboratory

Developing cleaning formulas for kitchen, housekeeping, dishwashing, laundry, floor care, and industrial applications.

Raw Material Analysis Center

Ensures purity, consistency, and quality control of global raw material supply chains.

Performance Testing Center

Evaluation capabilities include:

- Grease removal
- Carbon removal
- Surface penetration
- Foam stability
- Hard water compatibility
- Temperature-resistant cleaning performance

OEM/ODM Project Laboratory

Custom formulation development for hotels, restaurant chains, and international brands.

Professional Commercial Cleaning Line

CLEACE PRO+ is designed for demanding commercial environments requiring high efficiency, safety, and consistent performance. The product line covers all major cleaning needs for:

- Hotels & Resorts
- Restaurants & Cloud Kitchens
- Catering & Banqueting
- Facility Management
- Schools, Offices, Hospitals
- Supermarkets & Retail Chains

Key Advantages

Commercial-Grade Performance

Fast action, powerful cleaning, consistent results.

HACCP-Compatible Food-Contact Options

Multiple formulas meet international food-prep safety requirements.

Ultra-Concentrated Formulas

Lower logistic cost, reduced waste, higher efficiency.

International Standards

Products follow ISO, HACCP and EU/EPA guideline references.

Color-Coding System

To prevent cross-contamination and improve SOP compliance:

- Kitchen Range — Orange
- Housekeeping Range — Aqua Blue
- Hand Hygiene — Light Blue
- Floor Care — Green
- Air Care — Purple
